

The Best Fourth Grade

In fourth grade I want to join band. I also want to read fifth grade books. I'm looking forward to new field trips. I can't wait for the fair. I'm also looking forward to the science projects. Another one of my goals is to be advanced language arts and math. I can't wait to read new stories. I'm looking forward to learning new stuff. I can't wait to perform in the talent show. That's what I want to accomplish in Fourth grade.
